3. The People and Government Chapter was discussed at length, it being pointed out that Navy Military Government, Army Military Government, and JANIS are all doing similar work. [REDACTED] felt that a check should be made to determine whether JISPB should continue to prepare this chapter or what improvements should be made. Lt. Col. Wood stated that he felt that the chapter was of definite value in the field. Col. Bicknell suggested that the classification be lowered on the People and Government Chapter, if possible.
